

**Appendix A**  
**Proposal Format**  
**Lusk Center for Real Estate**

1. Applicant's name
2. Title of proposed research  
This may include more than one project. If so, you may include each project title.
3. Abstract  
Describe in general terms the research and its significance (200-word limit).  
Note: Please type on a separate page.
4. Research proposal  
Provide no more than a four-page narrative.  
  
Please include a few details to help the research committee evaluate your proposal, i.e., conceptual foundation, significance of the work, problem definition, model development, how variables would measure it, methodology, analysis, likely outcome of the research (including potential journals to which you might submit the work), etc.
5. Relationship of the proposed research to your prior work  
(If this proposal is for work that is a continuation of work previously funded, indicate how this work is different or otherwise justify the request for further funding).
6. Current curriculum vitae
7. Other sources of internal or external support (awarded or submitted)  
Give title, period, amount, sponsor, and relationship to current proposal.
8. Research products from past Lusk funding (Summer 2015—Spring 2020)  
Please give Lusk Center working paper number and brief of all projects. Please list any journal publications or submissions based on Lusk funding. If this is your first proposal submission to Lusk, please note that in this section.
9. Budget for research funds requested:  
Briefly discuss the amounts for faculty time, including fringe at a rate of 33.5% (if applicable), research assistance, travel, data, etc.

**Appendix B**  
**Research Status Report**  
**Lusk Center for Real Estate**

1. Name
2. Title of project
3. Periods covered by report
4. Source and amount of support
5. Objectives
6. Please provide at least one paragraph describing your results during the last two summers' research projects for which you were funded
7. Publications (title and complete journal reference) relevant to this project
8. External funding activity related to this grant
